On the west side of the district is the Falta Special Economic Zone (SEZ), which houses various types of industry. In 2006, the Ministry of Panchayati Raj named South 24 Parganas one of the country's 250 most backward districts ...

Processes | Free Full-Text | Bioaccumulation of Fluoride 13/01/2021 | Water fluoridation is a common but debated public policy. In this paper, we use Swedish registry data to study the causal effects of fluoride in drinking water. We exploit exogenous variation in natural fluoride stemming from variation in geological characteristics at water sources to identify its effects. First, we reconfirm the long-established positive effect of ...

SUNDBARAN - West Bengal Tourism, Experience Bengal, Dept This is a beautiful town located in the Bankura district of West Bengal, and it offers many facets for the travellers to explore. It is widely reckoned for its pottery items made of terracotta work that reflect the craftsmanship of the artisans over here. The town was
earlier the administrative capital under the reign of the Malla kings, but now it has transformed into a thriving centre for

Settings - ENGIE 29/11/2021 Fluoride is widely found in soil–water systems due to anthropogenic and geogenic activities that affect millions worldwide. Fluoride ingestion results in chronic and acute toxicity, including skeletal and dental fluorosis, neurological damage, and bone softening in humans. Therefore, this review paper summarizes biological processes for fluoride remediation, i.e., …

NREGA - WELCOME TO THE DEPARTMENT OF WEST BENGAL … The Sundarbanse UNESCO World Heritage Site is located at the South eastern tip of the 24 Paraganas district about 110 km from Kolkata. It got its name from one of the mangrove plants known as Sundari (Heritiera Minor). Sundarbanse are a part of the world’s largest delta, formed by the mighty rivers Ganga, Brahmaputra and Meghna. Situated on the lower end of Gangetic …

In West Bengal, these forests are known as ‘Sundarbans’. The ‘Sundari’ is the most major tree in these forests. The important trees of the tidal forests are Hogla, Garan, Pasur, etc. This forest is an important factor in the timber industry as they provide timber and firewood. Palm and coconut trees beautify the coastal strip.
